COURSE OVERVIEW

Early school leaving prevention is an important area of focus for teachers, as they play a key role in supporting students to remain in school and succeed. This course is about skills and strategies that teachers can use to prevent early school leaving. Overall, the goal of an Early School Leaving Prevention Skills for Teachers course is to equip teachers with the knowledge, skills, and strategies needed to prevent early school leaving and support all students to succeed in school and beyond.

COURSE OBJECTIVES

- Provide teachers with an understanding of the causes and consequences of early school leaving, and the importance of prevention.
 - Equip teachers with the knowledge and skills needed to identify students at risk of leaving school early, and to intervene early to support them.
 - Enable teachers to create a positive and supportive classroom environment that fosters student engagement and motivation.
 - Teach teachers how to work collaboratively with families, other teachers, and community organizations to prevent early school leaving.
 - Provide teachers with strategies for promoting career development and relevance of education to motivate students to stay in school.
 - Teach teachers how to use positive reinforcement strategies to recognize and reinforce positive student behaviors and achievements.
 - Help teachers become more culturally responsive and aware of the diverse backgrounds and needs of their students, and to use teaching strategies that acknowledge and value students' cultural identities.
